

NEC's Built-In Hotel Guest Management System InHotel

Cost-effective solution for hotels providing easier bookings, billings & administration.

NEC's InHotel combines a complete and comprehensive Hotel Guest Management Application (HGMS) together with tightly integrated telephone system functionality.

Ideal for hotels of up to 120 rooms, this easy to use platform is designed to increase your staffs' productivity, enhance guest experience and significantly lower your running costs. And as one of NEC's InApps-all the technology is built-in with no cost and maintenance of extra PC servers creating a highly attractive price point in combination with extremely low Total Cost of Ownership (TCO).

InHotel Business Benefits

- **Increase your productivity levels** – Time-saving features for all your staff
- **Enhance customer service levels** – Faster check-ins, check-outs; sharper response times
- **Lower costs** – Single initial cost, no recurring monthly subscriptions
- **On-board application** – No extra PC server hardware or maintenance
- **Always on 24/7** – Browser-based
- **Easy, flexible & faster billing** – Room rates, call costs, mini bar, spa, restaurant & more
- **Complete hotel room management** – Real-time status dashboard

At a Glance
